

PORTER SERVICES

Daily or nightly support that keeps your building looking its best and running smoothly

ON-SITE SUPPORT FOR OCCUPIED BUILDINGS

Busy facilities that operate 24/7 need more attention than after-hours cleaning. Total Maintenance Services provides day, evening, and overnight porter coverage to support buildings while they are actively occupied. Our porters handle real-time cleaning, restocking, and upkeep as needs arise. By offering coverage across multiple shifts, we help facilities stay clean and presentable whenever the building is in use.

WHAT OUR PORTERS HANDLE

High-Traffic Area Cleaning

Porters clean and disinfect lobbies, corridors, restrooms, and other shared spaces.

Floor Care

Tasks include mopping, spot cleaning, waxing, and addressing spills as they occur.

Restroom and Supply Restocking

Porters monitor and refill paper products, soap dispensers, and related supplies.

Trash and Waste Removal

Ongoing trash removal keeps workspaces and common areas clean and orderly.

Meeting and Event Support

Porters assist with room setup, breakdown, and post-meeting cleanup.

Issue Reporting and Emergency Response

Porters communicate maintenance concerns and assist with unexpected cleanups.

“The best and most thorough cleaning service out there.”

MAREN EPSTEIN,
★★★★★ Review

Maintain a clean, well-managed workplace. Contact Total Maintenance Services to discuss porter service for your facility.
